Life*

We have very competitive rates with excellent coverage for all your insurance needs. Attached is an application which can be used for your sports program to include General Liability, Participant Accident, Property, and Workers Compensation. Please visit our website for more information and additional applications at www.snyder1stop.com.

Just complete this application and email back to our office at megan@InsureAsset.com, fax to 913-498-0212 or text to 913-689-0398. We will prepare a written proposal which will be emailed to you. If you like what you see, coverage could be issued the same day with a premium payment over the phone or an electronic check form along with required signature pages!

Please return the following for an accurate quote:

- Completed and signed application
- Copy of previous 3 year loss history or signed no loss statement

If you have any questions, feel free to contact our office anytime. Our friendly staff is happy to guide you!

Thank you,

WHAT ELSE CAN GO RIGHT?TM

The Snyder Team

IMPORTANT NOTICES

Concussion Awareness – There are risks that your clients take when they participate in any type of sports activity. Concussions may occur and not been recognized. This type of injury can lead to critical medical emergencies. Your business could be subject to a lawsuit that could be avoided: **As of September 1, 2013 it is now required to have a Concussion Awareness Program** as a part of your training handbook, along with communicating concussion signs to participants. You must keep a written concussion policy that is compliance with your current state legislation. Your written concussion policy should be distributed to your coaches, parents and players. All coaches need to participate in concussion training at least once every two years. Keep parent’s acknowledgement that they have received and reviewed your policy. You should request a doctor’s release prior to the child returning to play.

We suggest you learn more about promoting this safety program which will benefit you and your participants. To assist you with proper education on how to handle concussion situations, there is a free online course offered by Centers for Disease Control and Prevention. You can access this prevention course at: http://www.cdc.gov/concussion/headsup/online_training.html.

Automatic External Defibrillators – In some states it is required by law to have an AED on premises if your business is related to the Health & Fitness Industry. So far, the states where these are required are: CA, NJ, MI, OR, RI, LA, NY, AR, IL and MA. (This is not an all-inclusive list and more states are requiring this every year). You should check with your state and see if this is mandatory. Even if this is not required in your State these devices can save lives! We recommend that you have at least one of these devices on premises at all times and train your employees how to operate them.
